John Clifford Harper  
Chief Executive Officer  
Certified Coating Specialists Inc.  
1109 Venables Street  
Vancouver BC V6A 2E3

Dear Mr. Harper:

**RE: Letter of Testimony – Certified Coating Specialists Inc.**

I'm writing to let you know how much BC Ferries has, in recent years, valued and appreciated the work of your company.

The quality of Certified Coating Specialists Inc.'s (CCS's) work in a variety of demanding and fast-paced ship repair projects has been uniformly excellent. Your company's exceptional planning, unique technical and production capacities and superior on-site supervision has proven instrumental to the success of such projects. We at BC Ferries believe this is so through a combination of CCS's strong management and ethical values brought to every business relationship.

It has been a privilege to have CCS as part of the wider BC Ferries contractor team. I anticipate this highly effective relationship will continue for many years.

Please feel free to quote from this letter or to provide a copy of it to other persons and companies with whom CCS may consider doing business, and to unhesitatingly convey to them my highest appreciation and recommendation of your company's work.

Yours sincerely,

Jeff Smith,  
Director Fleet Planning & Projects
