Attention : Mr. Cliff Harper, General Manager

Dear Mr. Harper :

We would like to congratulate and thank you very much for the excellent work accomplished by you team regarding the lead abatement blasting and painting done for ALSTOM Canada Inc., at Kootenay Canal.

Our request was for the blasting and painting of head cover and scroll cage components, was done in accordance with the Workers Compensation Board New Regulations.

ALSTOM had a very tight schedule to perform the blasting work and the people from Kootenay Powder Coating succeeded in executing a professional job in a short period of time.

We thank you again for your collaboration.

Best regards,

Hermann Ouellet Site
