Attention: Mr. Cliff Harper:

On behalf of BC Gas Inc., I would like to thank you and your employees for the excellent work performed by your company in the painting of our Southern Crossing valves.

These valves were located at fourteen different sites covering an area of 303 kilometres of right of ways, from Yahk through to Oliver. The 'quality' work was completed on schedule and on budget.

I would also like to thank your field personnel that I met at two of the sites. They were very polite and informative.

BC Gas Inc. thanks you again for the professional work performed by your company.

Yours truly,

A handwritten signature in black ink that reads "Len Neville". The signature is written in a cursive style and is positioned above a horizontal line.
