Letter of Reference

To whom it may concern:

This serves as a letter of reference for Kootenay Powder Coating (KPC), who have asked me to supply an accurate appraisal of previous work accomplished at our plant. I am able to say that KPC has tackled powder coating, painting, and slag blasting in a safe and reliable manner at this facility during two shutdowns.

I have been impressed by the quality of workmanship provided by KPC on the compressor equipment that they have refurbished for us. I am confident that, if selected for your industrial needs, would provide you the same high level of service and commitment. If you have any questions or wish to speak further about KPC, feel free to call me at 250-264-7223.

Sincerely,
Neil Moon
