Subject: Successful Completion of Project: Test, Repair and Paint 5 POL Tanks

Dear Cliff,

I would like to thank you and your team for a job well done in relation to the successful completion of the above mentioned POL Tank Farm project. We are grateful that despite adverse weather conditions and a significant amount of changes to the contract, the project was successfully completed. The combination of your project management skills, technical expertise, attention to detail and problem solving skills were instrumental in ensuring the delivery of a quality product. Your time and effort were much appreciated.

In light of the above, if you wish to use me as a reference on future projects, I would be more than happy to help. Again, thank you for a job well done.

Sincerely,

Louis Brisson, P.Eng.
